This guide walks through the process of placing a student meal order on the HappyBox website — from registering student details to receiving order confirmation on WhatsApp.

STEP 4: PARENT ACCEPTANCE

The image shows a 'Parental Consent' form. At the top, there is a green checkmark icon and the title 'Parental Consent'. Below this, there are two sections: 'Clinical Acknowledgement' and 'Risk Disclosure'. The 'Clinical Acknowledgement' section contains text stating that the parent confirms they have disclosed all known clinical allergies and dietary restrictions, and that they understand that Happybox meals are designed based on pediatric nutrition guidelines. The 'Risk Disclosure' section contains text stating that while they maintain strict hygiene standards, they acknowledge the low risk of cross-contamination in their units and environment, and that it is not meant for the ill or elderly. Below these sections, there is a statement: 'I have read and agree to the nutritional protocol and delivery terms.' At the bottom of the form, there are two buttons: 'Cancel' and 'Proceed To Order'. The 'Proceed To Order' button is highlighted with a green border.

Review and confirm parent acceptance of the terms before proceeding.
